# 1. Overview of the Entitlement Offer

## 1.1 Summary

The Entitlement Offer is a pro rata offer of up to approximately 70.5 million New Shares at 3.5 cents per New Share (**Issue Price**) to raise up to approximately \$2.47 million before costs and expenses if fully subscribed. The Entitlement Offer is not underwritten.

Eligible Shareholders are entitled to subscribe for 1 New Share for every 3 Shares held by them at 7.00 pm (Melbourne time) on the Record Date.

The Entitlement Offer is non-renounceable, which means that to the extent that any entitlement under the Entitlement Offer is not taken up by any Eligible Shareholder prior to the Closing Date, the entitlement will lapse.

The choices available to Eligible Shareholders in respect of the Entitlement Offer are described in Section 2.

The Entitlement Offer is currently scheduled to close at 5.00 pm (Melbourne time) on 24 June 2019.

## 1.2 Eligible Shareholders

Unless the Company otherwise determines, the Entitlement Offer is being made to those Shareholders who:

- (a) are registered as a holder of Indago's Shares as at the Record Date;
- (b) have a registered address in Australia or New Zealand;
- (c) are not in the United States and are not acting for the account or benefit of any person in the United States; and
- (d) are eligible under all applicable securities laws to receive an offer under the Entitlement Offer.

Indago is of the view that it is unreasonable to make an offer under the Entitlement Offer to shareholders outside of Australia, New Zealand having regard to:

- (a) the number of Shareholders outside of those jurisdictions as a proportion of total Shareholders in Indago;
- (b) the number and value of the New Shares that would have been offered to those Shareholders outside of those jurisdictions; and
- (c) the cost of complying with the legal requirements and requirements of regulatory authorities in the overseas jurisdictions.

Indago is not required to make offers under the Entitlement Offer to Shareholders outside of Australia and New Zealand (although Indago may, at its absolute discretion, make offers under the Entitlement Offer to investors in certain other jurisdictions to whom it is lawful to make such an offer, such as Hong Kong and Singapore, subject to the provisions of Section 4.4).

## 1.3 What is the entitlement of an Eligible Shareholder?

The number of New Shares to which you are entitled under the Entitlement Offer is shown in the personalised Entitlement and Acceptance Form which accompanies this Offer Booklet. In calculating each Eligible Shareholder's entitlement, fractional entitlements to New Shares have been rounded up to the nearest whole number of New Shares. Eligible Shareholders can subscribe for all, or part, of their pro rata entitlement under the Entitlement Offer. Detailed instructions on how to accept all, or part of, your pro rata entitlement are set out in Section 2.

Please note that if you choose not to take up your pro rata entitlement, your percentage shareholding in Indago will be diluted to the extent that the Entitlement Offer is taken up by other persons.

#### **1.4 Top-Up Facility**

Eligible Shareholders may, in addition to taking up their entitlements in full, apply for additional New Shares (**Additional Shares**) in excess of their entitlement (**Top-Up Facility**). Additional Shares will only be available where there is a shortfall between applications received from Eligible Shareholders and the number of New Shares proposed to be issued under the Entitlement Offer (**Shortfall**). Additional Shares will be issued at the Issue Price.

Indago proposes to adopt the below allocation policy for allocating Shortfall.

- (a) If there is a Shortfall, each Eligible Shareholder who has applied for Additional Shares through the Top-Up Facility will be entitled to be allocated their pro-rata share of the Shortfall having regard to their holdings at the Record Date (if an Eligible Shareholder has made an application for Additional Shares for an amount less than the amount of Additional Shares that the Eligible Shareholder would otherwise be allocated under this process, the Eligible Shareholder will be allocated the amount applied for).
- (b) The allocation process described above will be repeated in relation to any remaining Shortfall and any subsequent Shortfall, until either all New Shares proposed to be issued have been allocated or all Shortfall applications have been satisfied in full.
- (c) Directors of Indago will not be eligible to participate in the Top-Up Facility and apply for Additional Shares.
- (d) If, following the above allocation, there remains a Shortfall, it will then be at the discretion of the Directors of Indago to place the shortfall with Peloton Capital as Indago's corporate advisor.
- (e) The Directors reserve the right to place any unissued Shares within 3 months after the close of the Entitlement Offer. The Directors are not obliged to place any such Shares and will only do so in their discretion.

For avoidance of doubt, the Corporations Act 20% relevant interest level applies to limit the acquisition of Additional Shares through the Top-Up Facility.

Accordingly, Eligible Shareholders who apply for Additional Shares may be allocated a lesser number of Additional Shares than applied for in which case excess Application Money will be refunded without interest. If you wish to subscribe for Additional Shares in addition to your Entitlement then you should nominate the maximum number of Additional Shares you wish to subscribe for on the Entitlement and Acceptance Form and make corresponding payment for your full Entitlement plus the Additional Shares.

#### **1.5 No trading of entitlements**

Entitlements under the Entitlement Offer are non-renounceable and will not be tradeable on the ASX or otherwise transferable. Shareholders who do not take up their entitlement in full will not receive any value in respect of that part of the entitlement that they do not take up.

#### **1.6 Issue of New Shares**

Indago currently expects that New Shares will be issued on 28 June 2019. The issue of New Shares will only be made after permission for their quotation on ASX has been obtained. The fact that New Shares have been admitted to quotation on ASX is not to be taken in any way as an indication of the merits of Indago or the New Shares.

## 1.7 Ranking of New Shares

When issued, the New Shares will be fully paid and will rank equally with existing Shares.

## 1.8 Withdrawal of the Entitlement Offer

Indago reserves the right to withdraw all or part of the Entitlement Offer, and this Offer Booklet, at any time, subject to applicable laws. In that case, Indago will refund Application Monies in relation to New Shares not already issued in accordance with the Corporations Act and without payment of interest.

To the fullest extent permitted by law, you agree that any Application Monies paid by you to Indago will not entitle you to receive any interest and that any interest earned in respect of Application Monies will belong to Indago.

## 1.9 Speculative nature of Entitlement Offer and projects and relevant risk factors

In deciding whether to take up some or all of your entitlements under the Entitlement Offer, you should:

- (a) have regard to the risks discussed in Section 3 of this Offer Booklet and
- (b) read this Offer Booklet carefully and in its entirety and have regard to your own investment parameters, and if required, obtain independent professional investment advice, before deciding to invest in Indago.

## 1.10 Purpose and use of funds

Indago Energy plans to use the funds raised from the Rights Issue to allow the Company to accelerate its sales and marketing efforts for its key product, HCD MultiFlow, to support its upstream activities including the appraisal of its oil and gas projects in Kentucky and Utah as well as general working capital purposes.

## 1.11 Financial Impact

The proceeds from the Equity Raising, before allowing for costs and expenses, will amount up to approximately \$2.47 million if fully subscribed.

## 1.12 Effect on Capital Structure

The principal effect of the Equity Raising on Indago's issued share capital will be to increase the total number of issued Shares. The following table sets out the number of issued Shares on the Announcement Date and, subject to the rounding of fractional entitlements under the Entitlement Offer, the total number of issued Shares at the completion of the Entitlement Offer if fully subscribed:

Shares	Number
Shares on issue at the Announcement Date	211,557,945
Shares offered under the Entitlement Offer	70,519,315*
Maximum Shares on issue on completion of the Entitlement Offer	282,077,260*

\* The number of New Shares to be issued under the Entitlement Offer is subject to the rounding of fractional entitlements to New Shares.

Indago has 2,500,000 options on issue expiring 1 March 2020 with an exercise price of 14 cents.

## 1.13 Effect of the Entitlement Offer on the Control of Indago

The potential effect the Entitlement Offer will have on the control of Indago is as follows:

- (a) if all Eligible Shareholders take up their entitlements under the Entitlement Offer, then the Entitlement Offer will have no effect on the control of Indago;
- (b) if some Eligible Shareholders do not take up all of their entitlements under the Entitlement Offer, then the interests of those Eligible Shareholders will be diluted;
- (c) the proportional interests of shareholders who are not Eligible Shareholders will be diluted because such shareholders are not entitled to participate in the Entitlement Offer,

having regard to:

- (d) the composition of Indago's share register; and
- (e) the terms of the Entitlement Offer.

Indago does not believe that any person will increase their voting power in Indago pursuant to the Entitlement Offer in a way that will have any material impact on the control of Indago. In particular, no person presently has a relevant interest in more than 20% of Shares, and no person is expected to have a more than 20% relevant interest in Shares following the Entitlement Offer.

## 2. Choices available to Eligible Shareholders

- (v) you have not and will not send any materials relating to the Entitlement Offer to any person in the United States or a person acting for the account or benefit of a person in the United States.

### **2.3 No minimum subscription**

There is no minimum subscription for an Eligible Shareholder under the Entitlement Offer.

### **2.4 No cooling off rights**

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your application once it has been made.

### **2.5 Refunds of excess Application Monies**

Any Application Monies received for more than the number of New Shares issued to you will be refunded as soon as reasonably practicable following the close of the Entitlement Offer. No interest will be paid on any Application Monies. Payment of any refund will be made by cheque mailed to your address as last recorded in Indago's register of members.

### **2.6 If you do nothing**

If you do not apply for Shares pursuant to the Entitlement Offer, your entitlement under the Entitlement Offer will lapse.

If you do not apply for Shares pursuant to the Entitlement Offer, your percentage ownership in Indago will be diluted because the issue of New Shares to other Eligible Shareholders under the Entitlement Offer will increase the total number of Shares on issue.

## **3. Risk Factors**

Indago's activities are subject to a number of risks which may impact future financial performance and the market price at which New Shares trade. Some of these risks can be mitigated by the use of safeguards and appropriate controls. However, others are outside Indago's control and cannot be mitigated. Therefore, investors who acquire New Shares may be exposed to a number of risks. Broadly, these risks can be classified as risks that are general to investing in the share market and risks specific to an investment in Shares and Indago's underlying business.

An investment in Indago carries with it the following risks:

#### **1. General**

Due to the inherently uncertain nature of the oil and gas industry, the Indago business carries with it various risks. Shareholders should realise that the value of Indago may fluctuate and that a dividend is not expected to be declared by Indago in the medium term. Whilst Indago will attempt to minimise the following risk factors, many of them are beyond its control. This list of risk factors should not be taken as being exhaustive of the risks faced by Indago. These factors and others not specifically referred to may materially affect the performance of Indago and the value of its shares.

## 2. Funding Risk

In order to fund the future growth of the Indago business it will be necessary for the Board to consider Indago's potential capital raising needs notwithstanding the funds raised under the current capital raising.

## 3. Early Stage Risk

The HCD Multiflow business is still at the early stage of its development. This brings with it a variety of potential risks. There is no assurance that Indago will be able to overcome them moving forward.

## 4. Absence of Revenue Risk

Indago has no current revenue and there is no certainty that product sales will be generated.

## 5. Demand and Supply Risk

Activities within the oil and gas industry by its nature are risky. The operations of customers can be affected by a huge number of factors, risks, issues and costs. These have a potential flow on effect as far as Indago is concerned, potentially putting strain on its customer and channel relationships. Competitive pressures can impact on Indago's ability to successfully engage with the more established channel partners. A detailed list of the key risks associated with investing in New Shares is contained in the Investor Presentation

## 6. Competitor Risk

Indago operates in a competitive environment. Its competitors will compete with Indago in relation to products and in relation to sales price. Indago's competitors may seek to reverse engineer Indago's products.

## 7. Operational Risk

Indago is subject to the usual form of operational risks that apply to an international manufacturing/blending business. These include the potential for industrial disputes relating to labour or product logistics, raw material supply risks and costs, capital costs which may be incurred in the event of increased demand, the hiring of appropriately skilled and secure labour, and geopolitical and government risk.

## 8. Intellectual Property Risk

As set out above, whilst Indago will own the intellectual property relating to the MultiFlow products, it will not be granted access to the formulas and related know-how until completion of the maximum royalty agreement payment in the absence of certain specified exceptions. There is a potential risk which arises simply because these formulas and related know-how are not held directly by Indago.

## 9. Currency Risk

Indago's revenues are expected to be largely denominated in US dollars, whereas its operating costs are expected to be largely denominated in a combination of US dollars and Australian dollars. As an ASX listed entity, Indago reports in Australian dollars. These aspects mean that Indago is potentially exposed to currency and exchange rate risk.

This list is not exhaustive and investors should read this Offer Booklet and the Investor Presentation in their entirety before making an investment decision. Investors should also have regard to their own investment objectives and financial circumstances and should consider seeking appropriate independent investment advice before deciding whether to invest in the New Shares.

## 4. Further Information

Taxation implications of participating in the Entitlement Offer will vary depending on the particular circumstances of individual Eligible Shareholders. Eligible Shareholders are advised to obtain their own professional taxation advice before making a decision in relation to the Entitlement Offer.

### 4.2 This Offer Booklet is not a prospectus

The Entitlement Offer is being conducted in accordance with Section 708AA of the Corporations Act (as modified by ASIC Legislative Instrument 2016/84). ### 4.3 Holding Statements and trading of New Shares

Indago participates in the Clearing House Electronic Sub-Register System (**CHES**), in accordance with ASX Listing Rules and operates an electronic issuer-sponsored sub-register and an electronic CHES sub-register. The two sub-registers together make up Indago's principal register. Consequently, Indago will not issue certificates to security holders but they will be provided with a holding statement, which will set out the number of Shares allotted to them under this Entitlement Offer.

It is your responsibility to determine your holding of New Shares before trading to avoid the risk of selling New Shares you do not own. To the maximum extent permitted by law, Indago disclaims any liability to persons who trade New Shares before they receive their holding statements, whether on the basis of confirmation of the allocation provided by Indago or the Registry or otherwise, or who otherwise trade or purport to trade New Shares in error or which they do not hold or are not entitled to.
